

WILLIAM LEVINE

3D Modeling // Material Design // Architecture

WZ

+31 06 17742219

waclevine@gmail.com

www.linkedin.com

/in/will-levine/

I live in Nijmegen on
the spousal visa with
my partner.

All these programs are
what I can work with,
no training required:

Rhino

AutoCAD

Revit

Grasshopper

NavisWorks

Bluebeam

Lumion

V-Ray

Adobe Photoshop

Adobe Illustrator

Adobe InDesign

Google Suite

Excel

No training or sponsorship required, I moved here for love and motorcycles. I studied material science in university, I've refined my career to 3D construction modeling, and I design motorcycle products on the side; your **3D Design Engineer** position is a perfect fusion of my professional skills.

Experience

Environmental Designer

The Bruce Company
2024 - 2025

- led the design department to implement Rhino+SketchUp
- estimated construction budget for commercial projects
- developed a digital model library for landscape crews

Architectural Designer

The Alexander Company
2022 - 2023

- used Rhino and Revit to build 3D master models
- managed all 3D models for commercial construction
- converted historical diagrams to a digital library

3D Designer

Architectural Design Consultants, Inc
2021 - 2022

- used Revit and AutoCAD to build construction models
- designed a waterpark, multi-use apartments, a casino
- converted old building plans into 3D models and files

CAD Drafter → Truss Engineer

Cleary Building Corp
2021 - 2021

- used AutoCAD to draft 350+ construction plan sets
- built block programs in AutoCAD to streamline team process
- promoted to Truss Engineer after 7 months

interests:

motorcycles

architecture

violin/viola

board games

carpentry

tool and die

industrial fabrication

writing

3D art

Lego

cooking

tea

my dog

Education

MS Architecture

University of New Mexico
2018 - 2019

- synthetics research, materials science, and engineering
- specialized into Grasshopper and prototype testing
- thesis: "Waste Plastics In Electro-Rheological Fluid"

BA Architecture

University of New Mexico
2014 - 2018

- Introduced to Rhino, AutoCAD, Revit, and Photoshop
- worked in teams through iterative design to completion
- learned architectural documentation and building structure

Volunteering

Human Book

The Human Library
2021 - Now

- presenting medical topics to corporate human resources
- trauma management for one-on-one consultations
- PR statements for Human Library media

Internal Communications Coordinator

The Architecture Lobby
2021 - 2024

- managed email, website, and membership for nonprofit
- ran members meetings and directed projects
- updated legal documents bi-annually
